REBELS CHASED

ASSISTED BY A GUNBOAT.

General Otls Wants 2,500 Horses Philippine Animals Wont Answer. The Hard Campaign the Soldiers Have Gone Through-Much Suffering Among the Volunteer Troops.

MANILA, July 13, 12:30 p. m.-Lake Laguns de Bay is being patrolled by three troops of the Fourth Cavalry, under Captain McGraw, and the army gunboat Napidan, commanded by Lieutenant Larsen. The force makes its headquarters on an island, living cascoes, in which the men are towed about to make unexpected visits to towns where there are small forces of insurgents, for the purpose of keeping the rebels moving.

On Tuesday the troops had an ensagement at Mantipua on the south shore of the lake. They found fiv They found five near the short. The Napidan shelled therebels and a party of American troops numbering one hundred and thirty-five, landed and drove them by a sharp running fire to the hills, where they were too strongly entrenched for the small force to attack them.

Two of the cavalrymen were wounded and the bodies of ten insurgents were found. It is supposed that the enemy's loss is thirty-five.

Otis Wants Horses.

WASHINGTON, D. C., July 13.-A dispatch has been received from General Otis requesting that there be sent to the Philippines 2,500 horses, in order that a brigade of cavalry may be organized for use at the end of the rainy General Otis has tried horses of Manila and nearby countries, but none of them seem to be available for cavalry. It is the intention of Secretary Alger to have the mounts care fully selected and he thinks that animais from the southern states, not too heavy, but tough and wiry, will be the

Suffering of the Soldiers

SAN FRANCISCO, July 13.—Advices received by the transport Newport, dated Manila, June 11, are as follows;

The volunteers are greatly debilita-ted in consequence of their hard campaigning through three months of trop-ic weather. Since the middle of May no volunteer regiment has had a sick list of less than 20 per cent. Most of them at the present date had 25 per cent ill and a few regiments have less than one-third of their number on duty The Nebraska regiment has suffered the worst. It came in from San Fer nando a few days ago with less than two hundred men in the ranks. The South Dakota followed yesterday, with two hundred and seventy-five men or duty. The Montana and Kansas regi-ments at San Fernando have not more than two hundred and eighty available The morning after the Washington troops took Morong a week ago, only two hundred and sixty-three men responded to roll call. The Washington men have been engaged since March 12, in preventing the insurgent armies of the north and south from forming a junction in the region of Laguna de Bay, often being engaged at the same time with the enemy in opposite directions.

Twenty-four of the Nebraska officers are on the sick list, and the Montann, Kansas, Washington and South Dakota regiments show more officers in the hospitals or sick in their quarters. These regiments have borne the brunt of the fighting. Their lesses in killed and wounded range from one hundred and sixty in the Montana regiment, to two hundred and eighty Nebraska men. The loss of the Kansas regiment is second to that of Nebraska, while the Washington and South Dakota regiments follow closely, each with losses of about two hundred. The Oregon regiment also suffered se-

Of the regulars the Third artillery is the heaviest loser, its killed and wounded numbering one hundred and twenty-

Troops Sall. SAN FRANCISCO, July 13.—The City of Para sailed for Manila this afternoon with four companies of the Twenty fourth infantry, Major Wigant commanding, and two troops of the Fourth

Additional Military Appointments, WASHINGTON, D. C., July 12,-The following additional appointments have been made in the volunteer army:

To be captains-Peter Vredenburg, formerly major Third New Jersey Volunteers; Charles E. Davis, formerly directly, Charles, Maine; Samuel D. Crawford, formerly major, Fifteenth Pennsylvania; Lucius C. Bennett, for-merly captain, Company F. Second merly captain, Company F. Second Ohlo; Thomas W. Darah, formerly lieu-

in the Santiago campaign.

To be first lleutenants—Henry C.
Crockett, formerly captain, First
Maine artillery; Edgar S. Steyer, formerly lleutenant, Fifth Pennsylvania;

IRON AND STEEL TRADE.

The Production, While Increased, Inadequate to Meet Demand. NEW YORK, July 13.—Reviewing the

trade conditions the Iron Age says: Our usual monthly pig iron statistics show that production while it continued to increase in June, was inadequate to meet the demand, the stocks having been further reduced. The production been further reduced. The production of the coke and anthracite furnaces expanded from 225,000 tons weekly on June 1 to 257,000 tons weekly on July 1, and yet furnace and warrant stocks fell from 215,000 to 149,000 tons, or four days' supply reckoned on the whole output. This figure is, however, somewhat misleading, since the stocks cover only the metal on hand at the furnaces running for the open market, representing about one-quarter of the output. But even making due allowance for this the stocks are at a very low ebb.

for this the stocks are at a very low ebb.
"It is true that a number of furnaces have started since the first of this month and that others will be in before the beginning of August, but yet an easing in the situation is not yet in sight, particularly since an important group of furnaces in the Shenango valley are banked on account of labor troubles. Although they are expected to start soon, a certain amount of tonnage has been lost.

The pig iron markets have been fairly active and in the east continue to display an advancing tendency. In Pittsburgh there has been a moderate movement in Bessemer pig at \$20.75 de-livered.

Some moderate sales of steel billets have been recorded and there is now have been recorded and there is now

Some moderate sales of steel billets have been recorded and there is now an inquiry in the eastern market for a block of about 12,000 tons for delivery during the current year.

In regard to the contract for 180,000 tons of steel ralls for Russia we have it from a good source that the business is practically closed.

Structural material has been advanced \$5 per ton during the week, thus bringing that branch into line with other departments.

The sheet market has shown a great activity and a further advance has been made.

An Alabama Syndicate. BIRMINGHAM, Ala, July 13,-The Herald says the Sloss Iron and Steel Company will probably soon go out of Company will probably soon go out of existence as a separate organization, A new company is to be organized to include the Sloss company, the American Coal Company, the Ensley furnace at Sheffield, the Philadelphia furnace at Florence, the Gulf Creek Coal and Coke Company and other coal and Iron companies of Alabama. This proposed new company has been perfected within the past ten days by the consolidation of the various companies mentioned above. It is probable that this combination will effect a consolidation with the Alabama Coal and Iron Company, recently organized by the International Trust Company, and the John Shelton Williams syndicate. This latter organization was effected by a Baltimore party within the last six weeks.

The new company, composed of the Sloss, the American Coal and other properties mentioned above, was just organization will be effected to-day.

This new company will rank second in importance only to the Tennessee Coal and Iron Rallway Company. existence as a separate organization,

A CITIZEN'S STORY.

Told by a Wheeling Citizen for the Benefit of Wheeling People.

The greatest importance attached to the following is that it concerns a

Benefit of Wheeling People.

The greatest importance attached to the following is that it concerns a Wheeling citizen. It would lose three-quarters of its interest if it involved some resident of Kaiamasoo, Mich., or Woonsocket, R. I. Like all the testimony which has appeared here, and like all which will follow about the old Quaker remedy, Doan's Kidney Pilis, it comes from residents, fellow citizens and neighbors. No other remedy can show such a record of home cures. Read this case:

Mrs. William Slater, of No. 410 Wood street, says: "I suffered with a constant aching, a soreness cross my back and weakness so that the slightest jar caused tinges of puln, and at times I could scarcely get up or down. Along with it there was a urinary weakness and heavy bearing down pains in the bladder. When I got Doan's Kidney Pilis at the Locan Drug Company I was so used up that I could scarcely get around. I began taking them, and felt relieved almost at once. I continued their use until I felt well and hearty like my old self."

Doan's Kidney Pilis for sale by all

self."

Doan's Kidney Pills for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

A Long Ride Ahead

NEW YORK, July 13 .- John D. Davis and his wife, Louise Hitchcock Dayls, at 11 o'clock to-day started for a trip to San Francisco on a gasoline autom bile. The trip will be the longest, completed, ever made by an automobile The automobile is a handsome contrivance, built compactly and with the roads. It resembles a road phaeton. The wheels are of the bicycle type, with steel spokes and pneumatic tires. The back is built high, well cushioned and comfortable. A big trunk and a well comfortable. A big trunk and a well stuffed vallse were strapped on the back of the vehicle. The automobile has a buggy cover which can be let down and up, and to-day when the pair started for the Facific slope the top was up. A long row of automobiles followed the travellers to Harlem. Mr. and Mrs. Davis will go to Albany and then to Ruffale and along Lake Erie to Chicago and westward across the prairies to the Rocky mountains by way of Boulder, Colorado.

Perplexing Questions. WASHINGTON, D. C., July 13.-come rather perplexing questions have arisen in connection with the proposed order admitting to Cuba free of duty high bred cuttle. In drafting the order provision was made that free admission was to apply only to cattle sent from the United States. It is said that Mexico and Honduras raise a class of cattle specially adapted to Cuba, and that in the interest of the island these cattle should come in on at least equal terms with those from this country. In order that a precedent may not be established as to special tariff advantages in Cuba, the order was finally issued today, amended so as to admit the cattle to Cuba without discrimination as to the country of origin. high bred cattle. In drafting the order

He is Now Down in McDowell County. Pleasant Words for the People of that Section.

PROF. CRAGO'S TRAVELS.

Special Correspondence of Intellige WELCH, W. Va., July 12 .- The more one travels through this part of our state the more is he convinced that the Little Mountain State is a misnomer for West Virginia. We are in fact great big state, and one would think that if the southern part of it were spread out we would be among the very largest of states. It had been my deaire for years to visit this part of our state, and now that the desire has been gratified, I must say that, although I had expected to find that a development had commenced, still I did not expect to find that it had reached what it has. I am spending this week in the little town of Welch, the

did not expect to find that it had reached what it has. I am spending this week in the little town of Welch, the county seat of McDowell county, which is set like algem in the mountains, where the Elkhorn Joins the Tug river. It is a village of some five hundred inhabitants.

The teachers' institute is in session during this week, and a large crowd is in attendance. At least fifty are present from other counties, especially from Mingo and Wyoming. The sessions are being held in the auditorium of the court house, which, by the way, is one of the very finest court houses in the state, if not the very best. It is built of a very fine gray stone from the state of Ohio, and the architecture of the building is of the very best, much better than a state building the writer has visited since leaving home. The institute is being conducted by the writer, assisted by J. B. McClure, principal of the public schools of Dingeas, Mingo county. At this writing, Wednesday, there are about 175 teachers enrolled, about sixty of the number being indies. The teachers are a very enthusiastic body of young ladies and gentlemen. The sessions of the institute thus far have been full of interest and enthusiasm and they will so continue, no doubt. A great many of the citizens of the town show their interest in the cause of education by attending the sessions of the association, which causes the large court room to be packed at every session. The county superintendent, Fe.C. Cook, is a young man of more than ordinary ability; is well qualified for the position and has the confidence of his teachers. The citizens of Welch are very hospitable, and they cause a stranger to feel at home as nearly as possible wherever he may go. The county officials who now occupy the court house, take pleasure in doing all they can to make the teachers enjoy themselves, and they are succeeding well.

The officials of the county court; W. B. Payne, clerk of the cituat court. These are all genial gentlemen, and it is not detrimental to their standing in any mann

publican, just as stauchly so as any county in the state. It has been my privilege and pleasure to meet L. S. Chambers, judge of the circuit court, and he is a gentleman in every sense of the word. This is the home of State Senator Heaver, and he is always ready and very willing to cause his friends to feel at home. By the way, "barrin" his politics the senator is all right.

Of Mr. J. B. McClure, my assistant, perhaps I should not speak, as no culcay of mine can add to the laurels he has gained since the opening of the institute. He is a scholar and a gentleman, and what pleases the ladles so is that he is a bachelor, perhaps not a confirmed one.

It does one good away from home to get the Intelligencer. It seems like talking to triends in Wheeling. Especially was the announcement that the street car strike was settled halled with delight.

PENSIONS GRANTED

PENSIONS GRANTED

To West Virginia Beneficiaries and in the Neighborhood.

Special Dispatch to the Intelligencer. WASHINGTON, D. C., July 13.—Pen-sions have been granted to West Virginia applicants, as follows:

Original-James L. Jennings, Buckhannon, \$6; Thomas Toppins, Hub-bardstown, \$8; William H. Taylor, Wheeling 28: Jesse B. Stephenson Valley Furnace, \$6; James M. Prince, Huntington, \$12; Miles P. Epling, Hewett, \$6; James M. Cook, Bald Knob.

\$6.
Increase—Jerry Spangler, Moore, \$12 to \$24; Amos Workman, Bald Knob, \$8 to \$10; Thomas Barnett, School House, \$6 to \$8; Lewis I. Dawson, Huntington, \$8 to \$10; Perry Cutrisht, Palace Valley, \$8 to \$10; William Broham, Rowlesburg, \$6 to \$5; Charles B. Bonwell, Wilsonburg, \$6 to \$5; Charles B. Bonwell, Wilchelder, \$6 to \$10.

-Columbia A. Chapman, Elk City, \$12.

Dependents—Minors of James A. Blackshere, Jarrett, \$16. Increase of pension has been granted to David M. Wilson, of Martin's Ferry, Ohio, \$6 to \$8.

Awaiting Developments.

WASHINGTON, D. C., July 13,-The state department is watching with anxiety the developments in Guatemala It is premature to say that the decision has been reached to send the Philadelphia from San Francisco down to that country and it may be that the presence of the gunboat Vixen on the east coast will be regarded as sufficient for the present. But there are hints of foreign action that might involve a repetition of the Corinto incident and in that case probably would be deemed necessary by our government to have a stronger naval representation, at the seat of trouble. It is said at the state department that the financial conditions in Guatemala with impending repudiation, threaten severe loss to American clinens. But so far our government has not consented to take any joint action with England, Germany, or any other nation to bring pressure to bear upon the disturbed republic. has been reached to send the Philadel-

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Cougha and Colds have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeiess cases. Asthma. Bronchitis, Hourseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call at Logan Drug Co., druggists, and get a free trial bottle. Regular size, Soc and It. Every bottle guaranteed or price and \$1. Every bottle guaranteed or price refunded.

IMMIGRATION STATISTICS.

An Increase in the Inflow of 82,579

Over the Year 1898. WASHINGTON, D. C., July 12.—Almost complete returns to the bureau of immigration, of the treasury department, of the immigrants arriving in the United States for the fiscal year ended 20, 1899, show an Increase of \$2,579 over the fiscal year ended June 20, 1898. The returns yet to be received will not change the figures materially. The number of immigrants arriving in 1839 was 311,878, as against 229,293 for the

number of immigrants arriving in 1839 was 31,878, as against 229,239 for the previous year. Immigration for 1836 was the smallest for tan years.

Commissioner Powderly attributes this large increase in immigration during the last fiscal year to a number of reasons. The victorious war with Spain served to attract favorable notice of the United States throughout Europe, and the return of prosperity is, he thinks, also in a large measure responsible for the influx from abroad. Within the past two months there have been many inquiries by intending immigrants as to the location of agricultural lands in various parts of the country, indicating that many of those coming here contemplate making that their avocation. The commissioner has hererofore recommended to Congress, and will do so again, in his next annual report, that the government immigration bureau avail itself of the benefit of the labor bureaus and factory inspection work in the several states, so that the office here may intelligently aid immigrants in locating in communities where there is a demand for the labor they are capable of performing. of performing

JONES WILL STICK

To the Chairmanship of National Democratic Committee

WASHINGTON, D. C., July 12.-The Post to-morrow will say: "Senator Jones, of Arkansas, will not resign his position as chairman of the Demceratic national committee. This can be stated authoritatively, once for all. Two stated authoritatively, once for all. Two letters were received from him in this city yesterday, in which he not only makes clear his intention of remaining at the head of the committee, but outlines work upon which he intends to engage as soon as he returns to the United States. His letters were dated at towns in Switzerland and reported the senator as improving in health. He was then preparing to go to Geneva to spend a week or more, "and," he said, "I hope to come home entirely well." He will reach this country about the first of September, will spend that month at Lake Minnetonka with his married daughter, and will then go to

married daughter, and will then go to Arkansas, remaining there until Con-

gress convenes.

It is not known here whether Senator Jones will send a letter to be read at the meeting of the national committee in Chicago next week, but if he does not, the members of the committee will be made acquainted with the contents of the letters which have atready been received here.

A SLICK TRICK

On the Part of Spain Nipped by Secretary of the Navy.
WASHINGTON, D. C., July 12.—Ar

offer from a prominent firm of ship brokers, doing a large foreign business, to purchase the Reina Mercedes and any and all of the other war craft capany and all of the other war craft cap-tured during the late war has aroused a suspicion that Spain is trying in this indirect manner to obtain possession of the vessels and thus remove the offense to Spanish pride caused by the floating of the American flag over her ships. The offer mentioned no figures, but simply requested that the navy depart-ment name its price for the Mercedes and the remainder of the captured Spanish ships. The navy department will not sell any of these vessels and that answer will be returned to the wri-ter of the letter. Secretary Long has decided that it

that answer will be returned to the writer of the letter.

Secretary Long has decided that it would not pay to attempt to renovate the Mercedes and use her as a warship. The cost would be not less than half a million dollars and the ship would, when repaired, be of old type and not up to the requirements of a modern naval ship. Therefore the repairs to be made upon her will be confined to a little painting and cleaning and patching, and the Mercedes will be left as a show ship, like the old Constitution, to gratify the patriotism of the American people.

PENSION COMMITTEE

Of G. A. R. Finish Investigation of the

Commissioner's Office.
WASHINGTON, July 12.—The pension committee of the G. A. R., which is here inquiring into pension measures and their administration, at the invitation of Commissioner Evans, prac tation of Commissioner Evans, practically closed their work to-day. The
committee spent most of the forencen
at the pension bureau, going over the
decisions in a number of cases which
have been cited in complaints against
the pension system.

Members of the committee, in advance of shaping their report, decline
to discuss the result of their labors, but
it is understood no substantial foundation has been found for the allegations

tion has been found for the allegations against the work of the bureau, and that whatever is recommended proba-bly will be as to changes in the law itself. The committee, with Commis-sioner Evans, had an interview with ecretary Hitchcock this afternoon, a which the pension system was discussed. The committee probably will leave to morrow, and present its report at the annual G. A. R. Encampment in Philadelphia in September.

Franco-German Rapprochement.

MALMOE, Sweden, July 12.-King Oscar, when apprised of Emperor William's visit to the French training ship Iphigenie at Bergen, Norway, July 6, and of the exchange of telegrams between the emperor and President Loubet, sent a letter to his majesty. expressing the great joy he experienced that this "first step towards a friendly "rapprochement" between the two most important states in Europe in respect to culture, should have occurred on territory of the United Kingdoms of Sweden and Norway," and expressed the hope that it would lead to a complete understanding between the two countries, "upon whom the peace of the world mainly depends." King Oscar sent similar congratulations to President Loubet through the legation of Sweden and Norway at Paris. iam's visit to the French training ship

To Invade England.

LONDON, July 12 .- It was announced that the Westinghouse Electric and Manufacturing Company, of Pittsburgh, will build works at Manchester and employ 5,900 men. George Westinghouse will direct the enterprise. Baron Kolvin, professor of natural philosophy at Glasgow University, who acted as electrician for the Atlantic cables, 1837-58 and 1865-66, for the French Atlantic cable 1859, for the West Indian cables 1875, and for the Mackay-Hennett Atlantic cable 182, will be the technical adviser of the company in England. that the Westinghouse Electric England.

Yellow Journal Fake.

LONDON, July 12.-Brigadier Simp-LONDON, July 12.—Brigadier Simpson, the private secretary of General Booth, of the Salvation Army, was questioned to-day regarding the dispatch from Stockholm, published in a New York newspaper, saying the general has had a narrow escape from assassination. The secretary said there was no truth in the report. He added that he had received two telegrams from the general this morning, reporting all well and saying he had been accorded a grand welcome at Stockholm.

Castoria.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his per-Catt Hilither sonal supervision since its infancy.
Allow no one to deceive you in this, All Counterfeits, Imitations and Sabstitutes are but Experiments that trifle with and endanger the health of Infants and Children-Experience against Experiment.

What is CASTORIA

Castoria is a substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Harmless and Pleasant. It contains neither Opium, Morphine nor other Narcotle substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of Chat H. Fletcher.
